

I Know

Kimberly Cole

Tastes so great
More than ordinary
found this way
It's getting kind of scary
Getting true you would change
And just like i'm at the wrong place
At the wrong time

It ain't right for me to know
Who ya are ya should've met you first
But that's not how it works
So i'm giving all control
Hoping
Praying
Wising
Waiting

On you...
Cause I know, I know, I know
Everyday you're getting closer
But time is taking slow
And I know, I know, I know
There's no room to be impatient
I don't mind waiting

What's your name?
The day you come with no one
Come on this way
Standed on the pavement
My mama would say
You're gonna find the right one
At the right time

It ain't right for me to know
Who ya are ya should've met you first
But that's not how it works
So i'm giving all control
Hoping
Praying
Wising
Waiting

On you...
Cause I know, I know, I know
Everyday you're getting closer
But time is taking slow
And I know, I know, I know
There's no room to be impatient
I don't mind waiting

With forever on the line
I'm looking for a sign
A little bit of wind below these clouds where is light
To let me know that is was all worth wild

Ooooooohhhhhhhh
Cause I know, I know, I know

Everyday you're getting closer
But time is taking slow
And I know, I know, I know
There's no room to be impatient
I don't mind waiting
