

Black Corvette

Kimberly Perry

I work three jobs, save up every cent
Sleep in the backseat, pay no rent
I don't even care if it has a dent
When I roll, I'll be rollin' in a black Corvette

I've never had a thing for a fast sports car
Now I have a dream and it's my North Star
Every lady needs a chariot
When I roll, I'll be rollin' in a black Corvette

I swear I'm gonna get me some Chevy angel wings
'Cause every time I see one, I hear angels sing
Get me to the highway disco, I'll be dancin' until I'm dead
I don't know where I'm goin', but I know how I'm goin'
When I roll, I'll be rollin' in a black Corvette

I'll save one seat for someone like me
A bleach-blonde boy in the passenger seat
I bet we'll cut a cake one day out west
We'll say "I do" in a neon dress
We'll ride off in the sunset in our black Corvette, hey

I swear I'm gonna get me some Chevy angel wings
'Cause every time I see one, I hear angels sing
Get me to the highway disco, I'll be dancin' until I'm dead
I don't know where I'm goin', but I know how I'm goin'
When I roll, I'll be rollin' in a black Corvette

Ooh, ooh, you bet

Hey, hey, yeah
But when I pull up to them pearly gates
You know I'll be drivin' me a black C8

Oh, I swear I'm gonna get me some Chevy angel wings
'Cause every time I see one, Heaven splits open, angels sing
Get me to the highway disco, I'll be dancin' until I'm dead
I don't know where I'm goin', but I know how I'm goin'
When I roll, I'll be rollin' in a black Corvette

Ooh, you bet

Ooh, ooh
Ooh, ooh
