

Ghosts

Kimberly Perry

I won't die if the money runs dry
I won't quit if you ever get sick
I won't sweat it if better gets worse
The end won't be the end of this
So what if sorrow shows up?
It's too bad if it gets real sad
I can't love you the rest of my life
It's gonna be a lot longer than that

They fill Hallmark cards with
"'Til death do us part"
Baby, forever ain't gonna come close
Dying's for quitters, I'll love you when we're
Both six feet deep, buried
Side by side, I swear I'll
Find you in Heaven whenever we go
I guess what I'm sayin' is I'll love you when we're ghosts

I'll love you when we're ghosts

Let the rest just rest in peace
They'll say goodbye when they close their eyes
You and me got memories to make
I'm ready to take on the other side
I don't know why

They fill Hallmark cards with
"'Til death do us part"
Baby, forever ain't gonna come close
Dying's for quitters, I'll love you when we're
Both six feet deep, buried
Side by side, I swear I'll
Find you in Heaven whenever we go
I guess what I'm sayin' is I'll love you when we're ghosts

Hey, I'll love you when we're ghosts

Hearts stop beating all the time
People leave, but love don't die
I don't know why

They fill Hallmark cards with
"'Til death do us part"
Baby, forever ain't gonna come close
Dying's for quitters, I'll love you when we're
Both six feet deep, buried
Side by side, I swear I'll
Find you in Heaven whenever we go
I guess what I'm sayin' is I'll love you when we're ghosts

Oh, I'll love you when we're ghosts
Mm, mm-mm

(Love you when we're ghosts)
(When we're bones, this is how it's gonna go)
I'll love you when we're ghosts
