

Hey! Big energy  
I won't pretend to be  
Your new girlfriend  
Automatically

I, I'm out to find my  
My feminine divine  
Way you let me be  
That's a go green sign

The object of my fascination  
Sparking imagination  
Tipping the fantasy of elation  
Go on, ruin my reputation

Oooh, la la  
I'm crazy about everything that you do, la la  
Something about the way that you move, la la  
Divine in my body and that's the truth, la la  
Oooh oooh, la la la

Is all that I'm feeling something that I'll forget  
In a week I'll be jealous about the girl you met  
Your hands all up on her at 58th and 10th  
I'm not out creeping I'm just curious

Find yourself but don't forget about me  
Even the galaxies die eventually  
I've been in a body and it was so fired up  
All fired up! (Hey hey hey)

Oooh, la la  
I'm crazy about everything that you do, my god  
Divine in my body and that's the truth, la la  
I'm crazy about everything that you do, la la  
Oooh oooh, la la la

Sweet like honey  
Sweet sweet like honeycomb  
Sweet like honey  
Sweet sweet like honeycomb  
Sweet like honey  
Sweet sweet like honeycomb  
Sweet like honey  
Sweet sweet like honeycomb

That's you!
