

# Human

Kimbra

I know what I know, what I know, what I know, what I know  
Hey, not many things I know but I know, what I know and I'll grow  
There was a time when I was low, so low, so low  
But that's a time when I had to show

I got a heart that's primal  
Cause yeah, I need your love for my survival  
Life's got me on trial  
I confess I've been messed up, in denial

This is what it means to be human  
I don't know much, but I know this much is true (Hey)  
This is what it means to be human  
I don't know much, but I know that I hurt as much as you

(Hey)  
I go where I go, where I go, where I go, where I go  
'Cause I'm a foreigner everywhere I roam (Hey)  
But I see in you what I see in myself  
Written in the marrow of my bones

Got a heart that's primal  
(There's nowhere else I'd rather be)  
Cause yeah, I need your love  
(Pulling me up on my feet)  
For my survival  
(Til the bright lights come for me)  
Hey, life's got me on trial  
(There's nowhere else I'd rather be)  
I confess I've been messed up  
(Wandering down the street)  
In denial  
(Til the bright lights come for me)

This is what it means to be human  
I don't know much, but I know this much is true (Hey)  
This is what it means to be human  
I don't know much, but I know that I hurt as much as you

Got a heart that's primal  
(This is what it means to be human)  
I don't know much, but I know this much is true  
This is what it means to be human  
I don't know much, but I know that I hurt as much as you  
(Got a heart that's primal)  
This is what it means to be human  
(I confess I've been messed up, in denial)  
Don't know much, but I know this much is true

Human, human  
(I don't know much, but I know that I hurt as much as you)  
Human, human  
Human, human  
Human, human
