Hop out you can witness brilliance
Lookin' like 350 million
Yo event ain't shit if we ain't in it
Hol' up
Y'all playing games like a scrimmage
We burn backwoods then it's back to business

Sweat leaves marks on the floor
Two months rent on the table
Push it, I'm ready, I'm wanting too
Four feet up from the fire
Two months rent on the table
Push it, I'm ready, I'm wanting to

Hop out you can witness brilliance
Lookin' like 350 million
Yo event ain't shit if we ain't in it
Hol' up
Y'all playing games like a scrimmage
We burn backwoods then it's back to business

I love me unusually
I love on my enemies
I come out in twos and threes
Some say I'm a bougie B
But I'm no one's property
Take it or leave it, it's not about you
It's all about who you know
Connecting the dots like a true Monroe
I'm bought by the kilo by none of these fools
Hot out the limo and I make the rules

Sweat leaves marks on the floor
Two months rent on the table
Push it, I'm ready, I'm wanting to
Four feet up from the fire
Two months rent on the table
Push it, I'm ready, I'm wanting to

Fuck a gimmick, said it how I meant it
Let you hit it, charge you by the minute
Pulled up in the limo window tinted
Indo scented bitches blow me kisses
Chrome spinning, gold grinnin' yeah
Treat forever like a long second yeah
Put the whole hood on the guest list yeah
Lifestyles of the young and wreckless yeah

Sweat leaves marks on the floor
Two months rent on the table
Push it, I'm ready, I'm wanting too
Four feet up from the fire
Two months rent on the table
Push it, I'm ready, I'm wanting to

Hop out you can witness brilliance
Lookin' like 350 million

Yo event ain't shit if we ain't in it
Hol' up
Y'all playing games like a scrimmage
We burn backwoods then it's back to business
