

Baby it's your night
Champagne, flowers join me to feel the vibe
Just wanna share the vibe
We be all night
Baby, I just wanna make it right
I just wanna spend my time to be with you, oh yea...

It's a busy life you got it?
On a grind we forgot to stop it
Take you to my heart tonight
I rarely fall in love
Hennessy and remedy you left other night
Another way of sayin it

I just want you to ignite
I love it when we spend our time together
Na na na na for tonight
Na na na na for tonight
You got me got me feel so happy to see you
Da da da da
Da da da for tonight

Makes me feel like theres nothing to fight against a whole system of my mind
Way that you move in front of my eyes, swear to god, it's a paradise, yea
There's something at first I call it lust
Then something at second I call it love
It sparks a new thing that I shoulda learnt
You with me, it's not that you been try hard
To impress me with your style
You just being you and so nice
Natural and so fly
Oh my

Move your body like a flame
Feel that fire in my veins
Rhymth in my heart like damn

I just want you to ignite
I love it when we spend our time together
Na na na na
Na na na na for tonight
You got me got me feel so happy to see you
Da da da da
Da da da for tonight

I just want you to ignite
I love it when we spend our time together
Na na na na
Na na na na for tonight
You got me got me feel so happy to see you
Da da da da
Da da da for tonight
