

Emotions

Kimnese

I cry many times at night
Think about you all the time

Your voice is on my mind it hurts so much inside
Even though we try and try
Break up to make up gets tired

Always mad at you, you're mad at me, time to say goodbye

Our love ain't strong, couldn't survive thru all these struggles
Couldn't never last too many troubles
Can't stand, the pain

You cried for me, I cried for you babe
Couldn't believe all things we use to do

One thing stays on my mind
The look that was in your eyes

Why couldn't I see at that time
That you loved me and you tried
Now you're gone I ain't mad at you

Never wanted to let you go
I wish I could hold you again
But its too late, now baby I know

Our love ain't strong, couldn't survive thru all these struggles
Couldn't never last too many troubles
Can't stand, the pain

You cried for me, I cried for you babe
Couldn't believe all things we use to do

Look into my eyes
What do you see?
All I see is the hatred

Isn't that what you told me
Why am I crying bout you and I
It was all lies

It was all lies
All I do is cry cry
All you say is lie lie

Such a fool am I, I, I
But I'll be fine once I get you out of my mind
All I do is cry cry

All you say is lie lie
Such a fool am I, I, I
I just wanna get you out of my mind

Out of sight, out of mind
I don't mind this
Sick of all the lyin' and the cryin' girl, I'm dying over here

You need to stop with the whining
Glad you'd realized you and I wrong timing
Girl you know that you is no angel

Cause It always takes two two to tango
But somehow I get I get the blame though
Look in the mirror it's you throwin' the low blow

Why does it have to be this way
What happened to it will be ok
I know that I am not perfect

But I try really hard to make it worth it
You're still a diamond, hope you keep shinin'
I just gotta do what I do

No more hidin' the truth
You and I we gotta let go
Cause I don't want to hurt you no more

Our love ain't strong
Couldn't survive thru all these struggles

Couldn't never last too many troubles
Can't stand the pain
You cried for me, I cried for you babe

Couldn't believe all things we use to do
