

# Make Me

Kina Grannis

Rainbows, I can't find them  
Past the raindrops where the light bends  
And the stories tell of people  
Finding beauty where the dark's hold lets go

If you want to smile with me  
Hold me close and lie with me  
Oh, if you want to die with me  
Handle my heart carefully  
Make me believe you

I've been searching dreary weather  
For a cloud that's lined in silver  
But the rain keeps on falling  
And my love, I am calling for you

If you want to smile with me  
Hold me close and lie with me  
Oh, if you want to die with me  
Handle my heart carefully  
Make me believe you

Oh, you can't change the hurt you've done  
No, please don't let us come undone  
Make me forget  
Make me forgive  
Make me believe you

Oh, if you want to smile with me  
Hold me close and lie with me  
Oh, if you want to die with me  
Handle my heart carefully  
Make me believe
