

Never Never

Kina Grannis

Wish I couldn't come
Wish I would and then I'd crawl to the morning sun
Wish I'd never never come so far and than I stopped and if I could not and if I fall down
Would I fall down
Would we fall down

We liked to say
We would never come undone
Breathe it in breath out
Can you breathe I know I can not now

Wish I hadn't spoke
Wish I did but I made sense or I did not care
Wish we'd never never grown so close that we could fall, fallen apart, and if it was lost
Would I be lost
Would we be lost

Many nights I've spent replaying the day
Would you listen to what I have to tell you now you're gone
And I'm missing it
