

## 6 ft deep

Kina

His death is permanent only if the bullet is fired by a woman who loves him enough to die with him

You make me feel like I'm six feet deep, going outta my mind  
Without you there's no me, feel like this other time  
I can't help myself around you  
I'm six feet deep, going outta my mind  
Without you there's no me, feel like this other time  
I can't help myself around you

I'm in my mind, yeah I wish we had the time  
To work things out and get it right, yeah  
Without you I feel alone, stuck at home  
Staring at you on my phone, yeah

Why does it always end this way? No black and white, we in the gray  
We were fine just yesterday  
Everything good comes to an end, I guess it's true  
But I don't wanna just be your friend

You make me feel like I'm six feet deep, going outta my mind  
Without you there's no me, feel like this other time  
I can't help myself around you  
I'm six feet deep, going outta my mind  
Without you there's no me, feel like this other time  
I can't help myself around you

Six feet deep and you're looking at me  
Like I'm the crazy one for thinking 'bout what we couldn't be  
Oh, I think I could use a minute  
Let me gather all my thoughts and intuitions, like  
Oh my God, I'm the realest guy  
That you really like and you spend the night  
Then I open up my eyes  
And realize it was all in my head

You make me feel like I'm six feet deep, going outta my mind  
Without you there's no me, feel like this other time  
I can't help myself around you  
I'm six feet deep, going outta my mind  
Without you there's no me, feel like this other time  
I can't help myself around you
