

# Fade Away

Kina

Let me take your hand  
And take you back again  
I would walk for miles  
And never see the end

And all those fights  
And jaded nights  
Just fade away

I will love you  
Till my days are through  
I will hold you  
Even if you don't want me to

Can you feel that fire?  
Burning up so bright  
And all that warmth tonight  
Like you were lying next to me

And all those tears  
And mixed up fears  
Just fade away

I will love you  
Till my days are through  
I will hold you  
Even if you don't want me to

Don't let us fade away  
Don't leave me in the dark  
You know that I'll keep running  
Running where you are

Don't let us fade away  
Don't leave me in the dark  
You know that I'll keep running  
I'm running where you are

I will love you  
Till my days are through  
I will hold you  
Even if you don't want me to
