

## Feel Again

Kina

We were just kids and we didn't know nothing  
It didn't make sense but it felt like something  
Remember when I said that I loved you for life  
Baby it wasn't a lie  
Right one at the wrong time  
How'd we get here  
Never saw it coming

You make me feel like I can feel again  
You make me realize the story didn't end  
Didn't know my heart could hurt like that  
Everything was numb and just like that  
You make me feel like I can feel again

Caught me off guard  
You still know my number  
When it all fell apart  
Did you ever wonder  
Maybe we're meant to be  
But we run on empty  
We're crashing cars again  
Still there's a hole in my heart  
That you'll always cover

You make me feel like I can feel again  
You make me realize the story didn't end  
I didn't know my heart could hurt like that  
Everything was numb and just like that  
You make me feel like I can feel again

You make me feel like I can feel again  
You make me realize the story didn't end  
I didn't know my heart could hurt like that  
Everything was numb and just like that  
You make me feel like I can feel again
