

# I've Changed For You

Kina

Always been feeling low  
It never seems to go  
This shit is getting old  
I wanna change, you know

I know it's coming  
The change is coming  
I felt so lonely  
Now I'm becoming  
The one I wanted  
The sun is helping  
To feel stranger

You can't stop me  
I don't wanna love it  
Me  
I don't wanna love it

This is the time  
To do something more  
I know you can  
Today is the day  
I know is coming  
The change is coming  
I felt so lonely  
Now I'm becoming  
The one I wanted  
The sun is helping  
To feel stranger

You can't stop me  
I don't wanna love it  
Me  
I don't wanna love it  
Me  
I don't wanna be me  
I don't wanna love it
