Kina

Never mind  
You were never mine  
You're still on my mind  
All the time, all the time, all the time  
Never mind, think I got too high  
You're still on my mind  
All the time, all the time, all the time

I could alter my thoughts  
Do whatever you want  
I'm just sitting inside in silence  
I could delete the thoughts  
Anything that you want  
Everything is a mess in my head

Everything is a mess  
Since the night that you left  
Falling over the edge right now  
Gotta get me to stop  
Get me outta my thoughts  
You been telling me all night long

Never mind  
You were never mine  
You're still on my mind  
All the time, all the time, all the time  
Never mind, think I got too high  
You're still on my mind  
All the time, all the time, all the time

All the time, all the time, all the time

Every time, every time, every time  
I try to get the stupid little thoughts outta my mind  
They keep coming back like I'm stuck in rewind  
A little peace inside is all I ever hope to find

I hope to find  
Someone to try to be  
What you are to me  
Someone that won't leave

Never mind  
You were never mine  
You're still on my mind  
All the time, all the time, all the time  
Never mind, think I got too high  
You're still on my mind  
All the time, all the time, all the time

All the time, all the time, all the time
