Kina

I've seen nights like this before
But you would never know
Rain and laying on the floor
With high high hopes

Life is harder now
That I know you now, who I'm without
Don't you know you're all I think about?

It's like I try to do better, but there's no better you
I try tell you, but I never follow-through
I keep thinking out ways
Replay what I'd say to you
'Cause I've been falling here for you
With no parachute

Clock turns two, then tree, then four
And sometimes more
While I wait and hope I'll see
An open door

Oh, life is harder now
That I know you now, who I'm without
Don't you know you're all I think about?

It's like I try to do better, but there's no better you
I try tell you, but I never follow-through
I keep thinking out ways
Replay what I'd say to you
'Cause I've been falling here for you
With no parachute
