

Black Swan

King 810

I wake up and put my gun on
Think about my loved ones
Wonder how it got like this
Cause I should be writing love songs
Should be having children
Instead I'm writing letters to the victims kids and they say

Sorry for your loss but I too am a dead man
And you can try to kill me it won't do a damn thing
I'll live forever through these words they keep on dancing
'Cause they keep dancing and they keep dancing

I'm sorry for your loss but I too am a dead man
And you can try to kill me it won't do a damn thing
I'll live forever through these words they keep on dancing
'Cause they keep dancing and they keep dancing

1 & 2 & pirouette
2 & 3 & assemble
1 & 2 & batterie
Pirouette, pirouette

I wake up and put your song on
Can't believe that you're gone
Understand that I did this
Cause its handguns and its heroin
And all of us will die young
So I'm writing letters to the victims kids and they say

I'm sorry for your loss but I too am a dead man
And you can try to kill me it won't do a damn thing
I'll live forever through these words they keep on dancing
'Cause they keep dancing and they keep dancing

1 & 2 & pirouette
2 & 3 & assemble
1 & 2 & batterie
Pirouette, pirouette...

Tonight we dance 'cause tomorrow isn't promised and we never had a chance
Tonight we dance 'cause tomorrow isn't promised and we never had a chance
Tonight we dance 'cause tomorrow isn't promised and we never had a chance
Tonight we dance 'cause tomorrow isn't promised and we never had a chance
