

Boo!!!

King 810

Table tippers surf the big dipper
Earth is a merry go round we come to fuck around
Her skin gown drops she's sexier
Live she's pretty pretty but dead she's prettier

Superstition synonym religion
Cinnamon skin I swim and spin sin in
Underneath your bed BOO!
Inside of your head BOO!
What the Ouija said BOO!
Love you when were dead BOO!
Superstition synonym religion
The Holy Ghost enters

Shadowy figures, candle flames flicker
Come laced liquor, with drugs it comes quicker
The closet door snickers, the boldest man enters
Waist is big my waist just grew bigger
Ask the child what he saw
Ghosts
House is full there's no one home
Ghosts
