

I have never felt like this
You and I were meant to be
Don't go away
I'll go to my grave about this
Cause you had me believing till our final days

And right now I wanna die
When you put me in the ground go deep, deep, deep
If you aren't in my life
Let me lay down in the earth and sleep, sleep

Sleep it all away
(Sleep it all away) [x3]

My feet won't carry me no more
My mind don't see reason to go on like this
I have a heart built for war
But I have never fought no fucking war like this

And right now I wanna die
When you put me in the ground go deep, deep, deep
If you aren't in my life
Let me lay down in the earth and sleep, sleep
And right now I wanna die
When you put me in the ground go deep, deep, deep
If you aren't in my life
Let me lay down in the earth and sleep, sleep

Sleep it all away
(Sleep it all away) [x3]

And if God asks where my queen is
I'll tell him you didn't mean it
I'll tell him just what the truth is
I'll tell him that I was foolish
And if God asks where my queen is
I'll tell him you didn't mean it
I'll tell him just what the truth is
I'll tell him that I was foolish

And right now I wanna die
When you put me in the ground go deep, deep, deep
If you aren't in my life
Let me lay down in the earth and sleep, sleep
And right now I wanna die
When you put me in the ground go deep, deep, deep
If you aren't in my life
Let me lay down in the earth and sleep, sleep

Sleep it all away
(Sleep it all away) [x3]

And if God asks where my queen is
I'll tell him you didn't mean this
I'll tell him just what the truth is
I'll tell him that I was stupid
