

I Am The Enemy

King 810

Dirty pants, dirty draws, dirty socks, dirty shoes
Dirty gun off in my belt, dirty thoughts will use on you
Knives too and hands and feet
Cuz my sleepovers were nights I slept alone in the street
And this world don't mean a thing and I shake when I sing
And I wake up and grab my gun because I no longer dream
They say the meek shall inherit the earth
Cuz us gorillas gonna kill over anything of worth

Fuck 'em now, my heart's cold anxious and I'm hard nosed
Trippin' with my eyes closed, lookin' for my foes
That's just how it goes, skin full of bullet holes
Grin full of lies, I'm only happy when an op dies

I am the enemy roaming in the streets
I told god to come alone so he only came with me
I am the enemy roaming in the streets
I told god to come alone so he only came with me

I am the enemy, enemy, enemy
I am the enemy
I am the enemy, enemy
I am the enemy, enemy

I am the enemy stomping on the ground
My feet crack the earth and make a deafening sound
I am the enemy roaming in the gutter
baptized in gun powder and blood of my brothers
AK 47 orchestra lull me to sleep
I used to be a boy oh maybe that's when I was 3
I am the enemy coming from the slums
Crack under my fingernails, coke numb my gums, bitch

Fuck 'em now, my heart's cold anxious and I'm hard nosed
Trippin' with my eyes closed, lookin' for my foes
That's just how it goes, skin full of bullet holes
Grin full of lies, I'm only happy when an op dies

I am the enemy roaming in the streets
I told god to come alone so he only came with me
I am the enemy roaming in the streets
I told god to come alone so he only came with me

I am the enemy, enemy, enemy
I am the enemy
I am the enemy, enemy
I am the enemy, enemy

Where do we go when we die?
I had a chance, didn't I, god?
I had a chance at a life, did I, god?
I had a chance at a love, did I ever love?

Love is the law, love under will

I am the enemy
I am the enemy, enemy, enemy...

I am the enemy roaming in the streets
I told god to come alone so he only came with me
I am the enemy roaming in the streets
I told god to come alone so he only came with me

I am the enemy, enemy, enemy
I am the enemy
I am the enemy, enemy
I am the enemy, enemy
I am the enemy
I am the enemy
