

# War Time

King 810

(Vio... lence...)

(Vio... lence...)

(Know that its old men for council young men for war)

It's the motherfuckin boogeyman

Push your hands together

Pray to whoever

Bullets with no name cut through the air at night

If theres no masks on our faces then we came for your life

Tell God bring the suffering I can take whatever he sends

My bones are stone there are no nerves in my skin

I was built for war I'm the beginning and the end

I am the Alpha and Omega close your eyes and count to ten...

(It's wartime!)

This is the best day of our lives this could be the day that we die [x2]

Violence... took my family...

Took my life from me...

Took my everything...

Okay... [x2]

OKAY!

You asked for it (what? Nah!)

Your mouth done wrote a check that

Your pussy ass can't cash out

It's time to mob, me and the squad ready to mash out

They comin to get em and off of that trip ready to smash out (gangsters, ready to kill somebody)

Brains mashed out (fuck em) kick in the door at your dad's house

Think its in peace we'll pretend to be deke'n them fags mouths, now pass out (it's war time)

Make a killer pull the gas out, make me wana throw that .50 caliber at em while they up in that glass house

All this maniac and then this murder and it's because you had doubts

Cuz you couldn't get a hand-out since you gotta leave

And I'm believing that with the pistol off in your damn mouth

Violence... took my family...

Took my life from me...

Took my everything... [x2]

Hands up!

Dont shoot...

We drop the window then we loot

What did you think we would do

I threw my body on the bomb on the truth

This ain't the time or the place

We dont speak where we're from we put guns in your face

I'm not your partner or friend

If they move they dont see their families again

If I take your life I promise you I won't lose sleep at night

I'm only living to fight

Fuck what is right

I came to die

It's wartime! [x3]  
(Wartime!)
