

Deeper Love

King Charles

When I woke up
This is what she said to me
I bet you treat all your ladies
Like this don't ya
Now I want something for me

I said, that's what they all say
I said, that's what they all say

I'm just too good for you, boy
That's what she said to me
I'm just too good for you, boy
I'm hotter than the sun
Don't turn your back on me, babe
I don't know what I've done
I got a deeper love

When I want a woman I call your name
I can make you feel alive
And you can trust me every time

She said, that what they all said
She said, that what they all said

I'm just too good for you, boy
That s what she said to me
I'm just too good for you, boy
I'm hotter than the sun
Don't turn your back on me, babe
I don't know what I've done
I got a deeper love...
