

Freak

King Charles

I've never really felt alive
I'm heading for a suicide
I've never really get it right
I hope this noose is on tight
And when I stared into the ocean
I hope these bricks will take me homeward
With a gun in my hand and my soul on sight
I bet my brains look good on white

Yea, they treat me like a motherfucker
Treat me like a freak
Yea, they treat me like a motherfucker
Treat me like a freak
They don't care where I'm going
They don't know what I see
They just treat me like a motherfucker
Treat me like a freak

So why suicidal baby
That's what she said to me
Every sue, and ice, and idol
Wanna charm me off my feet
We are the freaky people
We are the freaks
We don't care too much for living lady
Let us rest in peace

Yea, they treat me like a motherfucker
Treat me like a freak
Yea, they treat me like a motherfucker
Treat me like a freak
They don't care where I'm going
They don't know what I see
They just treat me like a motherfucker
Treat me like a freak

Yes, we're freaky like the motherfucker
Freaky like the freaks
We don't wanna get in line
We're gonna live the way we feel

Yea, they treat me like a motherfucker
Treat me like a freak
Yea, they treat me like a motherfucker
Treat me like a freak
They don't care where I'm going
They don't know what I see
They just treat me like a motherfucker
Treat me like a freak

Yea, we're freaky like the motherfucker
Freaky like the freaks
We don't wanna get in line
We're gonna live the way we feel
