

Good To Ya

King Combs

Dolla \$ign
Ah, na-na-na-na-na...
Oh...
Ooh, yeah
Oh... yeah
Yeah, yo

I done been around the world but ain't no city like mine
Took a trip out of town with Little V and Cart
Met a pretty brown-skin, she said she from NY
Me and shorty do-or-die, we been twistin' the lye
She never been to Shanghai, well I got a surprise
If you like what you hear we could leave tonight
Fly straight out of the country on a redeye
Pick you up in the Wraith, ain't no Jedi
And on my TL I see you like I'm Left Eye
I'm from the city where the skinny niggas chest out
I brought you, I ain't worried 'bout the rest out
The only question that I asked, "Am I next up?"
And is it good to you?

Is it good to you? (Good)
Little shorty, is it good to you? (Good)
Tell me, is it good to you?
Is it good to you?
Little baby, is it good to you? (What, what? Ooh, yeah)
Baby, is it good to you?
Is it good to you? (Is it good?)
Is it good to you? (Aw, yeah, yeah, yeah)
Is it good to you?
Is it good to you?
Is it good to you? (Is it good?)

Take a trip to Miami, hit up Khaled and French
Versace mansion for the week, seen right in, we there
Dude live on a church day, just birthday
Hit your pussy in the worst way, it's a murk day
I been ballin' like a dawg 'til the name is known
Jetskis all day, is it wet like the ocean?
How it look, how it taste, do you feel what I feel?
Gucci slippers on the yacht, I'm just keepin' it real
Have you ever been to Cali? Fuck you high in the hills
Kickin' shit with my pops, I'm a legend like Will
Biggie said birthdays was the worst days
Now we sip champagne when we thirsty
But is it good to you?

Is it good to you?
Little shorty, is it good to you? (Ah-ah)
Tell me, is it good to you?
Is it good to you?
Little baby, is it good to you? (Is it good, baby?)
Baby, is it good to you?
Is it good to you?
Tell me, is it good to you? (Aw, yeah, yeah, yeah)
Is it good to you?
Is it good to you?

Is it good to you? (Is it good?)

Double R on the truck
I pull up, fuck it up (Skrrt-skrtrt)
Can't break this trust
Cover you in the VVs
Wish they was us (Oh)
But they can't keep up
Girl, that ass looks so fat
When you're down on your back
And I know that it's all for me (All for me)
So good to me (Ooh, yeah)
Yeah, it's good to me, yeah
They say Cali girls bougie and bad, feet on the gas
Like 'em mad, ghetto with class, titties and ass
Chanel bags, but you overrated
Come fuck with the winners 'cause the rest hate it
But is it good to you? (Is it good?)

Is it good to you?
Little shorty, is it good to you? (Yeah, yeah, yeah, yeah)
Tell me, is it good to you?
Is it good to you?
Little baby, is it good to you? (What, what? Ooh, yeah)
Baby, is it good to you?
Is it good to you?
Tell me, is it good to you? (Ah, ah)
Is it good to you?
Is it good to you? (Oh-oh)
Is it good to you? (Oh, yeah)
