

Bed on Fire

King Dude

Here I go again
Giving in again
Set me free again
Heading home tonight
Feel like home tonight
And all will be alright
And all will be alright

If I leave now, dear
Would you save me then?
Be safe in your bed
Be safe in your bed
Sleeping on a wire
Sleeping on a lie
In your bed on fire
In your bed on fire
In your bed on fire
In your bed on fire
In your bed on fire
