

Devil's Tail

King Dude

"What you gonna do with the devil's tail?"
I said "Boy, you better go on home"
"What you gonna do with the devil's tail?"
I said "Boy, you better go on home"

You don't know what's right
And you sure as hell don't know what's wrong anymore

"What you gonna do with the devil's tail?"
I said "Boy, you better go on home"
"What you gonna do with the devil's tail?"
I said "Boy, you better go on home"

You don't know what's right
And you sure as hell don't know what's wrong anymore
And the Devil don't love you
And you sure as hell don't love that devil no more

"What you gonna do with the devil's tail?"
I said "Boy, you better go on home"
"What you gonna do with the devil's tail?"
I said "Boy, you better go on home"

You don't know what's right
And you sure as hell don't know what's wrong anymore

"What you gonna do with the devil's tail?"
I said "Boy, you better go on home"
"What you gonna do with the devil's tail?"
