

Something About You

King Dude

There is something about you
There is something about you
I don't know
There is something about you
I don't know

There's somebody who's saying you're playing me for
A fool but I know that there's something about you
(That is so cool)

Could it be the way you look at me?
When you love me like a memory
You don't wanna hold me, oh, so close
It's like you already know

There's something about you
There is something about you
I don't know
There is something about you
I don't know

There's somebody who's saying
That you are playing me for a fool
But there's something about you that's so cool

Could it be the way you look at me?
When you love me like a memory
You don't wanna hold me, oh, so close
It's like you already know
(The way it all goes)

There is something about you
There is something about you
I don't know
There is something about you
I don't know

There is something about you
There is something about you
I don't know
There is something about you
I don't know...
