

## Train Song

King Dude

Travelling north, travelling north to find you  
Train wheels beating, the wind in my eyes  
Don't even know what I'll say when I find you  
Call out your name love, don't be surprised

It's so many miles and so long since I've left you  
Don't even know what I'll find when I get to you  
But suddenly now, I know where I belong  
It's many hundred miles and it won't be long  
It won't be long, it won't be long, it won't be long

Nothing at all, in my head, to say to you  
Only the beat of the train I'm on  
Nothing I've learned all my life on the way to you  
One day our love was over and gone

It's so many miles and so long since I've met you  
Don't even know what I'll find when I get to you  
But suddenly now, I know where I belong  
It's many hundred miles and it won't be long  
It won't be long, it won't be long, it won't be long
