

## Twin Brother Of Jesus

King Dude

I tell the truth, my word's my bond  
My word's the word of God  
That holy light, that holy light  
Coming up and down from all sides  
And hell is white, and hell is white  
And hell is white, and hell is white

Twin brother of Jesus, couldn't even know  
Everybody dies alone  
If you wanna see me, baby, just you let me know  
And hit me up before I go

Twin brother of Jesus  
Twin brother of Jesus Christ  
Twin brother of Jesus  
Twin brother of Jesus Christ  
Twin brother of Jesus  
Twin brother of Jesus Christ  
Twin brother of Jesus  
Twin brother of Jesus Christ

Do you think that much about me?  
What it was or what it could be  
Do you want me to lay hands upon your door?  
Should I even talk about it?  
Did you really ever really doubt it  
When I told you I was coming back for more?

Woe to you whom in the flesh  
Woe, for that's where you'll perish  
And hell is white, and hell is white  
I said hell is white, oh Lord, it's white

Twin brother of Jesus, couldn't even know  
Everybody dies alone  
If you wanna see me, baby, just you let me know  
And hit me up before I go

Do you think that much about me?  
What it was or what it could be  
Do you want me to lay hands upon your door?  
Should I even talk about it?  
Did you really ever really doubt it  
When I told you I was coming back for more?  
Do you think that much about me?  
What it was or what it could be  
Do you want me to lay hands upon your door?  
Should I even talk about it?  
Did you really ever really doubt it  
When I told you I was coming back for more?
