

God Is In The Rhythm

King Gizzard & The Lizard Wizard

Earth by the moon
Darker days come soon
Owl sings a tune
Surely she knows too

Bird is waiting
Expectating
God is in the rhythm

Earth by the sun
Brighter days to run
Rain knows the sun
Knows it's not time to come

Rain is waiting
Expectating
God is in the rhythm

Seasons move
Everybody knows it's true
Springs brings a dew
Hibernates winters tune

Summer's waiting
Expectating (expectating)
God is in the seasons

Trees know it too
The perfect time to bloom
The leaf asks the sun
Knows his time has come

Leaf is waiting
Expectating
God is in the rhythm

Wind blows a song
From the desert to the pond
Frog waves the wand
And the wind blows on beyond

Frog is waiting
Expectating
God is in the rhythm

Earth by the stars
We have all come from Mars
We all know it too
We belong to the soup

We are waiting
Expectating
God is in the rhythm
We are waiting
Expectating
God is in the rhythm
