

Gondii

King Gizzard & The Lizard Wizard

Human being domesticated
Gondii's in the amygdala
Human being contaminated
Living-murdered feline worshiper

What it feels like
Is it feels like
It's dreamlike

Can't get a message to my brain
I can't control myself
Can't get a message to my brain
I can't control myself anymore

What it feels like
Is it feels like
It's dreamlike

Human being manipulated
Gondii drizzles serotonin
Human being lubricated
Drowning in oxytocin

Can't get a message to my brain
I can't control myself
Can't get a message to my brain
I can't control myself anymore

I've got a cyst inside my head
I can't control myself
Can't get a message to my brain
I can't control myself anymore

So am I the bird or am I the worm?
Do have free will?
Do have free thought?

Am I the chicken or am I the egg?
Have I liberty?
Have I my wings?

You shouldn't fight it or deny it
Just breathe in and embrace it
Symbiotic Gondii choir
Sings a song of fuzzy minds

So am I the dog or am I the cat?
No, it's neither one
I am the rat

Can't get a message to my brain
I can't control myself
Can't get a message to my brain
I can't control myself anymore

I've got a cyst inside my head
I can't control myself

Can't get a message to my brain
I can't control myself anymore
