

# Let Me Mend The Past

King Gizzard & The Lizard Wizard

Let me mend the past  
Let me see behind your mask  
You finally go around  
She stares at the ground  
And acts if you're not there

Lock's on the door  
Surveillance when you enter in the hall  
Such a pointless cause  
Her cups on my wall  
It's hard to be ignored

Let me mend the past  
And make ends meet at last  
Before they bleed  
Don't wanna come across too weak

Let me mend the past  
Let me see behind your mask  
You finally go around  
She stares at the ground  
And acts if you're not there

Let me mend the past  
And make ends meet at last  
Before they bleed  
Don't wanna come across too weak

Let me mend the past  
Let me mend the past  
This will be the last time I ask  
Let me mend the past
