You Can Be Your Silhouette

King Gizzard & The Lizard Wizard

When you make time
To clean the cobwebs off your mind
You may find yourself unwind
And all the ticking stops
And you may find your time instead
You can be your silhouette

When you just stop
And take a look around your shop
You may feel your blues all drop
You can't sell your glum to me
But I can help you til' you see
That you can be your silhouette

It may be dark
It may be shadowy and stuck
But don't be scared of what you've dared
[?] red
In fact it is as I said
You can be your silhouette
