....your music saved my life man, shit saved my life
I appreciate your music man
The other day, you know I had that gun to my head and uhh
My brother kept asking me "please don't, please don't!"
And you know life was just getting to me... and you know
Your music brought life to me
Keep doing your damn thing man!
There's nothing in this world the made me feel
The music like you made me feel the music this year, you know
Thank you! God put you on this earth for a reason!

Keep making these moves, keep doing what your doing
I see that you're doing successful things in your life and you
know
Maan...Maan...if you can get through it I can get through it to
My brothers been through it to man
And that music really got to me and uhhh
I haven't even stopped listening to your songs, you know
That "Don't Let Go" is what got me
I salute you, I salute you my brother, I salute you
I salute you all the way."
