

# Otherwise

King Iso

I hope you live your life like you colorblind  
I hope you never forget the struggle of a color bind  
I hope what motivates you isn't hate, but the love inside  
I hope an ulterior motive deep isn't what you hide  
I hope you seek the truth despite what media publicized  
I hope your dreams come alive  
I hope tomorrow you see the sun arise  
I hope your father treated your mother right  
I hope vice-versa and that they taught you to trust your mind  
I hope you know your heart may intervene, but know what is right  
I hope you embrace your roots, make major moves, and love your life  
I hope you pace yourself and embrace yourself with love and pride  
I hope you know the only race is human, we're just alike  
I hope there's no division as a subsequent subdivides  
Hope justice is justified  
Hope you make it through anything cuz you tried  
I hope the wishing well isn't running dry  
To summarize why I hope all these things for you?  
Some people hope otherwise, that's real

Never let it get to you  
The way others want others to see yourself  
I know it's hard for you  
But trust me my love, I'm right here  
And yea I wanna know  
What I mean to you  
And all you're not alone

I hope your positive energy doesn't lie  
I hope you preserve what is sacred, like it was mummified  
I hope every being that can't walk suddenly jump so they touch the sky  
I hope they don't come down if they wanna fly  
I hope every person dealing with sickness has a cure that they come to find  
Hope once can find free they soul, spirit, and plus they mind  
Hope every conflict can be resolved and just be fine  
I hope that I ain't wasting a bunch of time, but what is time?  
I hope you seek yourself and that is you what you come to find  
Hope if you lose yourself, you don't lose sight while you run behind  
Hope that you know I needed this as much as you, funny right?  
Hope that you trust the universe while others may undermine  
I hope your bed is peaceful when no monsters are under mine  
Hope the posterity has prosperity a dozen times  
I hope the wishing well isn't running dry  
To summarize why I hope all these things for us?  
Some people want otherwise

Never let it get to you  
The way others want others to see yourself  
I know it's hard for you  
But trust me my love, I'm right here  
And yea I wanna know  
What I mean to you  
And all you're not alone  
You're not alone  
You're not really by yourself
