Niggas out there actin' like they really it  
On some Milli Vanilli shit  
Niggas out there actin' like they really rich  
Blood, we know who you really is  
Everybody wrapped up in what the fuck an image is  
And now who a nigga really is  
Listen, fuck you and all of your affiliates  
Since 17, I've been killing shit  
Like, who the fuck are y'all?  
Do you really do this stuff at all?  
Homie, are you truly fucking raw?  
How the hell you niggas chillin'  
Getting zooted with the stars  
Open up and know [?]  
Discover who you niggas are  
Please, tell a nigga something  
Do you really think you niggas got it popping  
Doing shows at these washed up venues?  
I would rather bick it with my bitch getting faded at the bar  
Like, can a nigga get a menu? (Damn!)

Weak ass niggas always wolfin' about folk and they wonder what a nigga did d  
o (Man!)

I be really, really puttin' on  
Now the hoes wanna kick it like Tenchu (Damn!)

I just wanna see your boy fetch when I see them  
Then they run like Temple (Man!)

So, fuck it, we can do it right now  
Let me know what you tryin' to get into (Man!)

Got a few bad bitches tryna fuck with a nigga  
And they all on the team right now (right now)  
Got some hatin' ass niggas on the sidelines  
Watching every time I hit the scene right now (right now)  
And these fake niggas madder than a motherfucker  
While I got my drink in my hand right now (right now)  
So what you niggas really wanna do about it  
You just mad I'm the motherfucking man right now (right now)  
Got a few bad bitches tryna fuck with a nigga

Got a couple bad bitches that I can't fuck with  
'Cause they fucking with my head right now (right now!)

Got a bitch at home, killing everyone in the club  
Layin' in my bed right now (right now!)

Got some niggas mean-muggin' 'cause they know a nigga thuggin'  
And I'm getting all this bread right now (right now!)

I ain't trippin' on you niggas, but I'm strapped up  
Whining, you could wind up dead right now  
And they know where to find me  
Got a couple pussy niggas looking for me, Siamese  
Hey, I'm in the way, no other nigga like me

Deja, [?], let a nigga try me  
I need to go and take another vacation  
Whiny broke niggas always stay hatin'  
If I squeeze off when nobody say nigga fuck an IV  
Get it, these boys PlayStation, boy I'm blazin'  
I don't really gotta say much, though  
I just play the hand that I was dealt the nigga cut throats  
Snizzle had the work, comin' in by the truckload  
Put a nigga on, all I gotta do is unload  
Run up on me wrong, then a nigga gotta unload  
That don't work, then I'm kicking in yo front doors  
"Do it for the Brain", what I had to tell the young hoe  
How these niggas hatin' at the shows in the front row  
Got me like "Damn!"

Got a few bad bitches tryna fuck with a nigga  
And they all on the team right now (right now)  
Got some hatin' ass niggas on the sidelines  
Watching every time I hit the scene right now (right now)
