

Anniversary

King Los

Do you know what today is?
It's our anniversary, our anniversary
Do you know what today is?
It's our anniversary, our anniversary

If lies hurt, but the truth heals
And 1+1 equals love then how does 2 feel
Minus 1 that's so heart broken
It's hard to divide a future unless it's both arms open
Jus show trust through your actions
I know it's hard to say that ones that got over
Took a fraction of your heart away
I mean it's bad enough that when problems multiply
Then someone gets carried, it ain't adding up
Why when you say you don't want nobody you see somebody
And when you say you don't need nobody you need somebody
Hard as the concrete but soft as a whisper
That's the mystery of love in all this enigma
It's like the farther you dive in the harder it hit cha
Now the ones that say they love ya is arguing witcha
Ask VAR and LARISA about them senseless rumors
Real love ain't censored just have a sense of humor
Funny what we remember from a kiss
Met on october 30th, then september 25th
In the blink of an eye, in the midst of a minutes time
Shes officially mine, we Mr and Mrs fly
Now it's necklaces for Christmas, unlimited kisses
And how eternally precious 1 minute of this is
2 wishes that came true at 1 time
So I don't give my flower no flowers
I give her sunshine
And the rain too to wash away the bad days
To bring the sunshine back for all the sad days
Hope you followin your dreams till you livin em out
If I could provide you one thing it'd be infinite smiles
So smile baby, you be gone lately
When you shine I shine, you motivate me
So waking up next to you feel like I never slept
And laying down next to you make me think I could fly
We comin full circle now with every step
And when I look into your eyes I think of the sky
Best I ever had took away the worst of me
1 year strong happy anniversary

Today is the day that we bought is all together
And I don't want nobody but you baby

Do you know what today is?
It's our anniversary, our anniversary
Do you know what today is?
It's our anniversary, our anniversary
