King Los

Welcome To Swaggsville baby  
Welcome To Swaggsville nigga  
Yeah

Okay we know your a hater, you don't still have to grill  
Cause I peel back my top and my grill match my wheels  
And my wheels match my watch, this how real swagger feel  
You ain't I'll, stackin bills, talking about you movin' bricks  
And you still cappin' pills, motherfucker get a grip  
Cause we will grab the wheel, we some riders motherfucker  
And Welcome To Swaggaville, ain't a hotter motherfucker  
Call my nigga Dre and tell him come and holla motherfucker  
Yeah I got it motherfucker, check my technique out  
You can get hit with this Tech, it ain't that technique oww  
And you wonder why these mothafuckas sweat me now  
God told me I was fly and never let me down  
In that candy apple Chevy, Laker court yellow guts  
I'm special, I should ride a short yellow bus  
You know the way I play  
I chop the top off that motherfucker, faster than Carmelo and A.I bra  
ids  
I'm a stay fly, paid cause I'm super extra groovy  
And I keep a model bitch that scoop and chill in that jacuzzi  
While I'm Bumpin' My Music, I meant that literal  
Bumpin' My Music, these nigga's pitiful  
I'm critical, I better not hear a cricket or a cricket move  
I spit this sickest shit, way too ridiculous to ridicule  
Get a few sips of brew, slip into a chick or two  
And jump off of my dick and maybe you can get some figures too  
On on yeah, I'm clinically insane  
I take this music and use it as my remedy for pain  
If they want a lyrical war well then no enemies remain  
It'll be result of a Volkswagen when it meet a train  
If you tender leave the game, we goin hard in the paint  
Stop making being a little bitch your job if it ain't  
Cause when my squad in the tank  
You gon be playing dead like Mr. Potato Head with all these arms in y  
our face  
Ewww, ain't nobody better than me and that's realll  
And that ain't even me being cocky either nigga, that's skilll  
I met your bitch at Vicky's Secret  
And she said if I can keep a secret maybe we can chilllll  
I said, oh baby that's the deal just make your Vicky's match your hee
