

Love You Down

King Los

Throwin' hundreds on you for no reason
Know I got a rubberband wrapped around a bunch of bands, for no reason
You climbin' up the pole for one reason,
So I can make it rain now, rain now, stunt on niggas for no reason

It never really mattered too much to me
Your body's just way too dumb for me
So I'm a spend this money like you were my girlfriend
Damn shawty come and get this change
I'm in love with a stripper, T-Pain
Let me love you dooooooown
Damn shawty come and get this change
I'm in love with a stripper, T-Pain
Let me love you doooown, love you doooown
Damn shawty come and get this change
I'm in love with a stripper, T-Pain

Ugh, I told her stick to your grind hustler
You beautifully exceptional, professional mind fucker
You're puttin' on a show, and I'm payin' the sponsorship
Damn you know you made it when haters payin' you compliments
Accomplishments for you come on a nightly basis
The way you killin' these niggas baby you might be racist
You might be racin' but fuck it that's life, embrace it
Success is sweeter than freedom, why live your life complacent

It never really mattered too much to me
Your body's just way too dumb for me
So I'm a spend this money like you were my girlfriend
Damn shawty come and get this change
I'm in love with a stripper, T-Pain
Let me love you dooooooown
Damn shawty come and get this change
I'm in love with a stripper, T-Pain
Let me love you doooown, love you doooown
Damn shawty come and get this change
I'm in love with a stripper, T-Pain

Ahh... and I'm a make it rain down, rain down
It never really mattered too much to me...
And now you with the King you supposed to be
