

Unthinkable

King Los

Uh
Zero
It's Los
And this is to you...
Yeah

Yo, a real G told me talk cheap
So I just shut my mouth and let my heart speak
Please excuse me if my thoughts deep
But I can feel your rhythm inside me like a heart beat
And my last couple years been so sad
I just write and shed the tears on my notepad
I know the devil feel a way for me
That's why I be textin you like "Baby just pray for me"
And success'll be my greatest cost
Cause I feel God blessed me through my greatest loss
And they can hate me but they don't know what my story is
I been thru everything, baby, I know what glory is
How you love me is so glorious
That I'm willin to go to war for this
I can't back down now, I'm too in
So I'm bound to your love - you win
And when my spirit's down, you lift it up
So there's Ciroc in my cup, and I do give a fuck
Haha, but it's only on this one though
Every time I see you wan' kiss you, no mistletoe
And I picked the perfect time to steal this clever quote
But this the realest shit a nigga ever wrote
Despite the fame and the glam
I wanna lay on the beach and write our names in the sand
And when life's stressin me out
You got me speechless, you are my Destiny's Child
I guess you could say this my confession
So I only got one question...

I was wonderin' maybe
Could I make you my baby?
If we do the unthinkable
Would it make us look crazy?
If you ask me, I'm ready
If you ask me, I'm ready

Uh, yeah
I'm too focused, baby, nevermind a few freaks
Girl, I love you like new sneaks from Boutiques
I'm tryinta put a hundred K on your watchband
Then send you to Thailand with a yacht tan
Go to war for your heart, I'm your Rambo
Ain't no sucka for love, I'm just sayin' tho
When it's this real, I hope it take a while
I hope my first verse made you cry, and this one make you smile
I never flake, never fake, never switch on you
You my star, baby I could make a wish on you
I'll probly never get past this
I'm still livin in the moments of ya last kiss
You my queen, you my everything royal
So on everything, baby I adore you

Just know it been a tough road
But I'm lovin our story as it unfolds
When we hug it feels like one soul
And when we touch my heart beats like a drum roll
I care about you so much I'm embarrassed
You inspired me to be the best there is
And you're essential to me like air is
Maybe one day our child can be the heiress
King and Queen with a house full
And whoever don't believe us, they just need to doubt more
Cause I already made my fuckin mind up
That I'm down to stay down til time's up
You could say this my confession
So I only got one question...

I was wonderin' maybe
Could I make you my baby?
If we do the unthinkable
Would it make us look crazy?
If you ask me, I'm ready
If you ask me, I'm ready

Yeah, yeah, see
Why give up before we try
Feel the lows before the highs
Clip our wings before we fly away?
I can't say I came prepared
I'm suspended in the air
Won't you come be in the sky with me?

I was wonderin' maybe
Could I make you my baby?
If we do the unthinkable
Would it make us look crazy?
Or would it be so beautiful?
Either way I'm sayin...
If you ask me, I'm ready
If you ask me, I'm ready
