

Day

King Louie

Fuck a nigga's feelings
Fuck a nigga's bitch
He got all that time
Fuck boy shouldn't have snitched
Snitches get out
Killers take them out
That's how the game goes
These suckers rainbow
Banana clips and choppers
Dealing with the busters
Steak, shrimp and lobster
Smoking on that Lauren
Taking A in the morning
Got me flexing on them
Tasting flats of D'usse
Ain't got no LL Cool J
My life should be on Blu-ray
My middle name is movie
I should have a holiday
No school, every day my birthday
Nigga you can be a day (kill'em)
At night or in the day
Fuck niggas just in the way
Fuck around giving me?

Make a nigga famous
Put him on the news
He gon' get a day Caught that nigga lackin'
Nigga shouldn't have snoozed
Made his ass a day Make a nigga famous
Put him on the news
He gon' get a day Caught that nigga lackin'
Nigga shouldn't have snoozed
Made his ass a day
This that killer music
This that drilla' music
The sound of them guns going off, this that drilla' music
RIP to Goofy
Shoot him like a movie
Yea my life a movie, every night is groovy, I might shoot a movie
With your wifie starring, I'm a kill her pussy, man these niggas' pussy
We got guns in the party, we just want to party, don't end up a body
My roadies a day I don't have to pay them, they do me a favor
Look at him lackin'
Looking a day let's bake his potato
Slowed up when a 4 poured in a malt, like Kayro
Put a nigga on the news, to see it, you don't need cable
Just me and my girlfriend, because she do what I say do
My niggas don't play but they shole do day though
