

# DEVOTION

KiNG MALA

I practice devotion  
I tie ribbons in my hair  
I wait to be chosen  
I can feel him in the air

I pray in church basements  
Ripped jeans  
All I want to do is please  
Devotion  
He loves me cause I'm there

And I would learn to speak in tongues  
I'd paint my nails and pop my gum  
My rosary my pushup bra  
I would do anything  
I would do anything

Anything for love  
I would do anything for love  
Anything for love  
I would do anything  
I would do anything for love

Bleach in the bathtub  
I soak until I'm clean  
I put on my makeup  
I'm tastefully obscene

I wait for you naked  
All fours  
Your Madonna and your whore  
Devotion  
I'm always at your door

And I would learn to speak in tongues  
I'd paint my nails and pop my gum  
My rosary my pushup bra  
I would do anything

Anything for love  
I would do anything for love  
Anything for love  
I would do anything  
I would do anything for

Anything for love  
I would do anything for love  
Anything for love  
I would do anything  
I would do anything for love
