

FUN!

KiNG MALA

A knock on the door
(You're taking too long)
Dress on the floor
(Just put it on)
(We gotta go)
Cover my nose
(Come to the door)
Shot to the throat
(Be reasonable)

Given to the godly
Isn't everything enough?
Gave to you my body
And my psyche
And my love
Kissing in the corner
Is it physical enough?
Citadel

Are you having fun?
Motherfucker come on
You wanted in and you're here now
Isn't it fun?

You got everything you want
So tell me if you need to tap out now
Are you having fun?

Are you having fun?

I'm finally yours
(Nirvana's been lost)
Your winning the war
(Think of the cost)

Cast me in bronze
(Taken from God)
Make me the sun
(Unspeakable)

Given to the body
Isn't everything enough?
Gave to you my godly
My eternity
My love

Killer in the corner
Is it sanctified enough?

Babylon

Are you having fun?
Motherfucker come on
You wanted in so you're here now

Isn't it fun?
You got everything you want

So tell me if you need to tap out now
Are you having fun?

Are you having fun?

Are you having fun
Straight to the gums
You swallowed the sun
Look at what you've done

Are you having fun
Are you having fun
Are you having
Are you having

Are you having fun?
Motherfucker come on
You wanted in so you're here now

Isn't it fun?
You got everything you want
So tell me if you need to tap out now
Are you having fun?

Are you having fun?
