Frightened & Freezing

King Missile

Frightened and freezing
Everyone is so cold
Every time I touch something
My fingers get burned
Icy hot-scary world

Somebody is howling
Nobody is hearing
Somebody is hungry
Nobody is hoping

Wicked and windy world
Spinning too fast
Dizzy sleepy
Don't want to be here, it's not
Not funny anymore

Everybody is an icicle
Everybody is a stone
Everybody have a gray face on

Everybody wanna be alone

Burning smoking melting
Boiling burning sweating
Melting smoking boiling
Sweating burning boiling
Melting melting melting

Frightened and freezing
Everyone is so cold
Every time I touch someone
My body gets burned

Everybody is an icicle
Everybody is a stone
Everybody got their hot in a box
Everybody wanna be alone
