

## Good Things

King Missile

You know what's a good food? Avocados. They fucking rule. Fucking avocados. I'm so there if it's gonna be avocados, I'm there.

If I can have that with avocado, I'm gonna order it with avocado. That's my way. I'm like, yes to avocado. Yes. Yes, yes

You know what else I like? Pillows. Pillows are really great. Like if I'm lying in bed, and my head is on a pillow, I'm like, okay. Pillows are fucking awesome. If I believed in God, I would say, "Thank you, God, for pillows and avocados. Those are a couple of really good things."

And kittens. They are so fucking cute. I fucking love sweet little kittens playing with string, or giving a little "mew mew me w," or when they are sleeping. So fucking great

And babies. They are cute too. Not as cute as kittens. But pretty cute

I must be in a pretty good mood right now to be able to think of four things that make me happy without fucking it up with something that sucks, because I know, of course, that there are a lot of things that suck right now, but right now, in this moment, I'm thinking only about good things

Like cake. They make vegan cake, which is great because I don't eat animal products anymore. They can even make cheesecake out of tofu, and I fucking love cheesecake, even though I don't eat it anymore. It's not actually as delicious as cheesecake, but it's pretty fucking good, so if I believed in God, I would also put in thanks for cake, babies, and kittens

Oh yeah, and skullfucking. I really like that too
