

I Dare to Hope

King Missile

It doesn't matter what words I say
You know what I'm thinking about anyway
Always feel like a dope around you
Always end up joking around

I feel so obvious and hokey
Every time you smoke me out, baby
Every time you drink me under the table
I'm always willing, never able

Oh yeah
I dare to hope
I dare to hope
I dare to hope

You chill me down to the bone
Or get me so hot all I can do is moan
I never want you to leave me alone
Oh, oh, don't ever leave me alone

This is such a pathetic way
To say what I need to say
But this is my dream
Impossible scheme
