

## Satan

## King Missile

Oh, that Satan  
He's a bad one  
Stay away from that one  
That bad Satan man

Believe what I tell you and you'll be all right  
But be careful  
He's tricky  
So just steer clear of that bad guy

Satan, Satan, you big meanie  
Come over here bite my weenie  
I'm not afraid of you anymore, you're just a big poopyhead  
Ha ha ha

Stay away from him  
'Cause he's the root of all your problems  
Everything evil comes from him  
Better believe it  
He's a bad one

For example, if you're in a boat and somebody is rocking it  
That's Satan, see, he is bad  
He doesn't even care if the boat tips over and you drown  
He doesn't care  
He's just a big meanie

Bad Satan  
Bad Satan
