

When She Closed Her Eyes

King Missile

When she closed her eyes
She saw her planet explode
When she closed her eyes
She saw her head explode

Then she saw that her planet
And her head were one
She saw everything
When she closed her eyes

Then she saw that her planet
And her head were one
She saw everything
When she closed her eyes

She saw everything
When she closed her eyes
She saw everything
When she closed her eyes
She saw everything
When she closed her eyes
