

## Racist Copper

King Prawn

He cannot wait to knock me down  
His eyes just follow me around  
He cannot wait to see me go down  
Even though i haven't done anything wrong  
He's a racist copper  
He got hatred in his blood  
He's a racist copper  
Judgements made by tone of skin  
He's a racist copper  
He cannot wait to drag me in  
He's a racist copper  
Waiting for me with his club  
I walk the streets as a police target  
I don't know the crime but i'm still a suspect  
It makes me wonder who the law protects?  
The uniform and club getting no respect  
He's gonna hunt you down  
He's gonna hunt you down like an animal  
He cannot wait to knock me down  
His eyes just follow me around  
He says to me 'go back to where your from'  
I say 'where, east london?'  
Blue lights flashing 'oh my god'  
Pig says 'get out of that car'  
Slamming your face up against the wall  
He whispers in your ear 'i'll teach you the law'  
He's just a racist pig  
I don't wanna pick another apple  
So many bad ones in the barrel  
Look inside you'll see they rotten  
Rotten to the core we know the score
