

Hit the Back

King Princess

I need you to search my clothing
Pat me down and feel the molding
Cause underneath this table feels so good to me

And I need you to be my motor
And run me 'til I can't go further
Cause every turn you take is just exciting me

And ain't I the best you had
And I let you throw it down
Hit the back
Tell me I need respect
And you know that I'm around
I'm your pet

And ain't I the best you had
And I let you throw it down
Hit the back
Tell me you need respect
'Cause you know that I'm around
I'm your pet

Well I'm a star but you're an icon
A dirty girl with lots of passion
Staring at my fingers while I talk to you

And I don't care if you degrade me
'Cause after all you are my safety
And everything you touch just feels like yours to me

Ain't I the best you had
And I let you throw it down
Hit the back
Tell me you need respect
'Cause you know that I'm around
I'm your pet

Ain't I the best you had
(Ain't I the best you've ever had)
It's really damn nice to meet ya babe
(Take my heart and hit the back)
I think that I really need ya baby
(Ain't I the best you've ever had)
I think that I really need ya baby
(Take my heart and hit the back)

And ain't I the best you had
And I let you throw it down
Hit the back
Tell me you need respect
'Cause you know that I'm around
I'm your pet

Ain't I the best you had
(Ain't I the best you've ever had)
Ain't I the best you had
(Take my heart and hit the back)

Ain't I the best you had
(Ain't I the best you've ever had)
(Take my heart and hit the back)
